(54) PROCESS FOR PRODUCING COENZYME Q 10?

(57) The present invention has for its object to isolate a gene coding for the enzyme synthesizing coenzyme Q₁₀ side chain synthase from a fungal strain of the genus *Saitoella* and exploit it to advantage for the efficient microbial production of coenzyme Q₁₀.

The present invention provides;

a DNA having the nucleotide sequence shown under SEQ ID NO:1;

a DNA having a nucleotide sequence derived from

the nucleotide sequence of SEQ ID NO:1 by deletion, addition, insertion and/or substitution of one or a plurality of nucleotides and coding for a protein having decaprenyl diphosphate synthase activity; a DNA which hybridizes with the DNA having the nucleotide sequence of SEQ ID NO:1 under stringent conditions and codes for a protein having decaprenyl diphosphate synthase activity.

L4 ANSWER 1 OF 2 HCAPLUS COPYRIGHT 2004 ACS on STN
 AB This invention provides DNA, cDNA and protein sequences of long-chain prenyl diphosphate synthase from Schizosaccharomyces pombe, human and mouse. The invention also provides a process of prepn. of prenyl diphosphate synthase by expressing in E. coli. The recombinant prenyl diphosphate synthase can be used for biosynthesis of coenzymes such as Q9 and Q10.

L4 ANSWER 2 OF 2 BIOTECHDS COPYRIGHT 2004 THOMSON DERWENT/ISI on STN
 AB DNA having a base sequence SEQ ID No:1, having a base sequence derived from a sequence from SEQ by deletion of bases and encoding a protein having ***decaprenyl*** - ***diphosphate*** - ***synthase*** (DDS) activity or being hybridizable with DNA with a SEQ ID NO:1 is claimed. Also claimed are: a protein with an amino acid protein sequence SEQ ID No:2 by deletion, insertion and substitution of 1 or more amino acids and having DDS activity; DNA encoding the above protein; vector (plasmid pNTSai) containing the above DNA; a host microorganism (Escherichia coli DH5-alpha FERM BP-6844) transformed with the above DNA and; a process for preparing coenzyme-Q10 using the above microorganism. The above can be used to produce high yields of coenzyme-Q10. (32pp)
